Deprivation of Liberty Safeguards (DoLS)

This Information Brief on the Deprivation of Liberty Safeguards supports the Annual Monitoring Report CSSIW & HIW published on 24 February 2014.

Summary

Applications for DoLS authorisations

Table 1: Number of applications by type of referral

| | Application for standard authorisation | Application for standard authorisation, where an urgent authorisation is already in place | 3rd party request (b) | Total applications |
|--------------|--|---|-----------------------|--------------------|
| Number | | · · · · · · | | |
| 2009 -10 | 214 | 333 | | 547 |
| 2010 -11 (a) | 237 | 249 | | 488 |
| 2011 -12 | 284 | 261 | • | 545 |
| 2012 -13 | 245 | 277 | 4 | 526 |
| Percentage | | | | |
| 2009 -10 | 39.0 | 61.0 | | 100.0 |
| 2010 -11 (a) | 49.0 | 51.0 | | 100.0 |
| 2011 -12 | 52.0 | 48.0 | | 100.0 |
| 2012 -13 | 46.6 | 52.7 | 0.8 | 100.0 |

⁽a) The supervisory body was unable to provide information on type of application in 2 cases

⁽b) 3rd party request data is not available before 2012-13 in this format due to changes in the way CSSIW previously asked for this information

- In 2012-13, there were 526 applications for DoLS authorisations from managing authorities the 526 applications relate to 417 people.
- Requests for authorisations resulting from 3rd party requests accounted for less than one per cent of the total applications. Applications for standard authorisation where an urgent authorisation is already in place accounted for 277 (53 per cent) of the total applications. There was no urgent authorisation already in place for the remaining 245 (47 per cent).

Table 2: Number of applications by type of referral for local authorities and Health Boards

| _ | I | _ocal Authority | | Health Board | | | | |

| 2011 -12 | 61.0 | 39.0 | | 32.0 | 68.0 | | | |
| 2012 -13 | 61.1 | 38.0 | 0.9 | 18.4 | 81.0 | 0.6 | | |

⁽a) The supervisory body was unable to provide information on type of request in 2 cases

- Of the 526 applications, 347 (66 per cent) were from social care where the local authority is the supervisory body. 179 (34 per cent) were from health.
- The number of applications to local authorities in 2012-13 has fallen since the previous year. However in health, while applications for standard authorisation have fallen, applications for standard following urgent authorisations have increased.

⁽b) 3rd party request data is not available before 2012-13 in this format due to changes in the way CSSIW previously asked for this information

Authorisations granted and not granted

Table 3: Number of applications for authorisation, granted and not granted

| 2012 -13 (d | 52.4 | 43.8 | 96.3 | 40.2 | 58.7 | 98.9 | 48.3 | 48.9 | 97.1 | |

⁽a) due to missing data, totals do not reflect total number of applications

- 254 (48 per cent) of applications for DoLS authorisation were granted
- 257 (49 per cent) of applications for DoLS authorisation were not granted.
- Of those not granted, 152 (60 per cent) were in social care and 105 (40 per cent) were in health.
- In social care, 88 per cent of authorisations were valid for up to 6 months, while in health, 99 per cent of authorisations were valid for up to 3 months.
- 58 per cent of authorisations that came to an end during the year ran for the full period authorised by the supervisory body.

⁽b) 6 cases (3.4%) recorded as in progress are not included in this table

⁽c) 10 cases (3.3%) recorded as in progress are not included in this table

⁽d) 15 cases (3%) recorded as in progress are not included in this table

Time between application and decision

Table 4: Time between application and decision (Local Authorities and Health Boards)

| | Standard authorisation | | | | Standard following urgent authorisation | | | | | |

| 2011 -12 (c) | 4.2 | 28.2 | 25.0 | 35.2 | 6.0 | 0.8 | 72.4 | 19.5 | 3.8 | 1.1 |
| 2012 -13 | 4.3 | 29.2 | 25.3 | 33.9 | 7.3 | 7.0 | 71.3 | 14.7 | 6.3 | 0.7 |

⁽a) Due to missing data, totals do not reflect total number of authorisations

- The majority of decisions (58 per cent) were made within seven days, whether an application came from a social care or health setting.
- Where the application for a standard authorisation is made where an urgent authorisation is already in place, the legislation requires this to be completed within seven days or in prescribed circumstances where an extension is granted, fourteen days. This was met in most cases.
- All requests for time extensions for assessment for standard following urgent authorisations were granted.

Characteristics of individuals involved

- 56 per cent of applications concerned females.
- 98 per cent of applications concerned white people.
- 84 per cent of applications concerned people who were over 65 years.
- Less than 1 per cent of applications came from a third party.
- In 81 per cent of applications where the individual had a relevant person's representative (see Key Terms), the representative was a carer, relative or friend.
- The relevant person's representative was paid in 26 per cent of cases. The majority of paid representatives were professionals rather than a family member.

Location of the relevant person

- For 469 applications (89 per cent), the relevant person was located in the same area as the Local Authority or Health Board supervisory body dealing with the case.
- 31 (6 per cent) of the relevant persons were in care homes in Wales outside the Local Authority in which they were normally resident. 16 (3 per cent) were in care homes in England.
- 10 (2 per cent) of the relevant persons were in hospital placements in England which had been commissioned by the reporting Health Board.

⁽b) Numbers have been rounded

⁽c) Excludes 10 cases recorded as being in progress

⁽d) Excludes 15 cases recorded as being in progress, 4 third party requests and 2 cases where the request was withdrawn before a decision was made

⁽a) Source: Mid year population estimates, Statistical Directorate, Welsh Government

[•] The rate of authorisations for local authorities has fallen in this data collection year. Following a steady rise in authorisations in previous years, the rate for 2012-13 has fallen to the same level as that of the first data collection year in 2009-10. The rate for Health Boards has also fallen in the current year.

Summary of Key Terms

Application

Request for deprivation of liberty of a relevant person.

Deprivation of liberty

Deprivation of liberty is a term used in the European Convention on Human Rights about circumstances when a person's freedom is taken away. Its meaning in practice is being defined through case law.

Deprivation of Liberty Safeguards (DoLS) The framework of safeguards under the Mental Capacity Act 2005 for people who need to be deprived of their liberty in a hospital or care home in their best interests for care or treatment and who lack the capacity to consent to the arrangements made for their care or treatment.

Health Board (HB)

There are 7 Health Boards in Wales. Health Boards fulfil both the supervisory body function and the managing authority function for NHS services. They work alongside their partner local authorities, usually in the same geographical area, in planning long-term strategies for dealing with issues of health and well-being.

Local Authority (LA) There are 22 Local Authorities in Wales. In the deprivation of liberties context, this is the local council responsible for social services in any particular area of the country. Senior managers in social services fulfil the supervisory body function for social care services. Different managers are responsible for the managing authority role, where the local authority also provides care home facilities.

Managing authority

The person or body with management responsibility for the hospital or care home in which a person is, or may become, deprived of their liberty. They are accountable for the direct care given in that setting.

Relevant person

A person who is, or may become, deprived of their liberty in a hospital or care home.

Relevant person's representative

A person, independent of the relevant hospital or care home, appointed to maintain contact with the relevant person, and to represent and support the relevant person in all matters relating to the operation of the deprivation of liberty safeguards.

Standard authorisation

An authorisation given by a supervisory body, after completion of the statutory assessment process, giving lawful authority to deprive a relevant person of their liberty in the particular hospital or care home.

Supervisory body

A local authority social services or a local health board that is responsible for considering a deprivation of liberty request received from a managing authority, commissioning the statutory assessments and, where all the assessments agree, authorising deprivation of liberty. They must also respond to concerns from third parties, who believe that a person is being deprived of their liberty without authorisation.

Third party request

If anyone (in addition to the relevant person themselves) is concerned a person is being deprived of their liberty without authorisation they should draw this to the attention of the managing authority. This term is not applied if the managing authority themselves decide that the relevant person is being deprived of their liberty. The Code of Practice sets out guidance for a third party to address matters with the managing authority and if matters are not quickly resolved, with the relevant supervisory body.

Urgent authorisation

An authorisation given by a managing authority to itself for a maximum of seven days, which subsequently may be extended by a maximum of a further seven days by a supervisory body. This gives the managing authority lawful authority to deprive a person of their liberty in a hospital or care home while the standard deprivation of liberty assessment process is undertaken.

Notes

1. Source of statistics

The information in this brief was collected at individual level by CSSIW and HIW from Local Authorities and Health Boards.

The Care and Social Services Inspectorate Wales (CSSIW) encourages the improvement of social care, early years and social services by:

- regulating
- inspecting and reviewing
- providing professional advice to Ministers and policy makers.

Healthcare Inspectorate Wales (HIW) is the independent inspectorate and regulator of all healthcare in Wales. HIW's primary focus is on:

- Making a significant contribution to improving the safety and quality of healthcare services in Wales.
- Improving citizens' experience of healthcare in Wales whether as a patient, service user, carer, relative or employee.
- Strengthening the voice of patients and the public in the way health services are reviewed.
- Ensuring that timely, useful, accessible and relevant information about the safety and quality of healthcare in Wales is made available to all.

2. Timing

All references made to 'year' relate to the financial year which runs from 1 April to 31 March and 2012-13 should be understood as 1 April 2012 to 31 March 2013.

3. Data quality

2012-13 was the fourth year that this data was collected. Instances of missing data have decreased therefore the quality of data has improved. However there are still a small number of cases where some information is missing. We will continue to work with the Local Authorities and Health Boards to improve the quality of the data.

4. Symbols

The following notation is used in these tables:

- . = the data item is not applicable
- .. = the data item is not available
- = the data item is not exactly zero, but estimated as zero or less than half the final digit shown
- * = the data item is disclosive or not sufficiently robust for publication

5. Disclosure and rounding

All tables where disclosure risks exist have been rounded to the nearest 5 and numbers between 1 and 4 have been suppressed. This is to protect against accidentally revealing confidential information.

In tables where figures have been rounded there may be an apparent discrepancy between the sum of the constituent items and the total.

6. Revisions policy

As the data is part of an annual collection by Local Authorities and Health Boards, the data will not be revised.

7. Uses of statistics

We believe the key users of information on DoLS (apart from CSSIW's and HIW's core use) are:

- Welsh Government Ministers
- Department of Health and Social Services
- Assembly Members and the National Assembly for Wales Research Service
- National Health Service
- Local government unitary authorities (elected members and officials)
- Registered providers of relevant health and social care settings
- Students, academics and universities
- Other areas of the Welsh Government
- Other government departments
- Individual citizens and private companies.

Apart from CSSIW's and HIW's core use of the information these statistics are used in a variety of ways. Some examples of these include:

- Advice to Ministers
- Monitoring policies and implementation
- Unitary authority and Health Board comparisons and benchmarking
- To inform debate in the National Assembly for Wales and beyond
- To provide information to planners and commissioners of health and social care services

8. Feedback

We actively encourage feedback of our statistics. If you have any comments or queries, or if you don't think the list adequately reflects the range of users and uses, then please contact us using the contact details on the front page of this bulletin.

9. Related publications

This brief accompanies the joint CSSIW and HIW DoLS Monitoring Report which was published on the same date. This report can be found at the following link:

http://cssiw.org.uk/our-reports/national-thematic-report/?skip=1&lang=en

A set of more detailed information is also being made available in Excel format and this can be found at the Monitoring Report link above.

10. Further information

Further information is available from the CSSIW and HIW web sites:

www.cssiw.org.uk www.hiw.org.uk
