Introduction

CIW are implementing a new system to monitor the operation of the Deprivation of Liberty Safeguarding arrangements in Wales.

The Deprivation of Liberty Safeguarding (DoLS) - Code of Practice (Chapter 11), states that the Welsh Ministers have responsibility to monitor the operation of safeguarding arrangements and have the power to require responsible persons of adult care homes to provide them with information for that purpose. That function is carried out by CIW on behalf of Welsh Ministers. A copy of the code is available at [DoLS Code of Practice](#).

From 1 May 2013, CIW are asking registered persons of adult care homes to provide written notification, of all DoLS authorisation requests, on a prescribed form. The information is being requested using existing powers under Sect.31(1) Care Standards Act 2000, [Sect. 31(1)](#) requires a person who carries on or manages a care home to provide CIW with any information relating to the care home which it considers it necessary to have. CIW will use this information to monitor DoLS arrangements in care homes across Wales. The operation of DoLS processes will also be monitored by limited sampling of safeguarding arrangements during routine inspection visits.

**Reporting a notifiable event or incident**

CIW have produced DoLS notification forms for you to use. These are available on our website at [CIW.org.uk](http://CIW.org.uk). There is no legal requirement for you to use these forms, however they have been produced to assist you to provide CIW with the information that is required.
Although the regulations require that registered persons to notify CIW, we acknowledge that, as the registered person, you may wish to delegate this task to another suitable person(s).

Completing the notification form
Please complete each section on the form. The forms have been designed to provide information for the purposes of statistics. The form is brief and should take only a minute or so to complete.

Registered persons are advised that it is their responsibility as ‘data controllers’ to ensure that their processing of information to CIW is compliant with the Data Protection Act 1998.

working days, please contact a CIW office you submitted the notification to (our contact details can be found at the end of this guidance note). We only provide acknowledgements for notifications received into the e-mail account mailboxes.

All notifications will be considered by CIW within five working days.

**Privacy Notice**

Completed DoLS notification forms should include the name and date of birth of the service user concerned.

When we receive a completed notification form we make a record of the information included on the form.

Sometimes we need to share that information with other regulators, local authorities and health boards in order for them to decide whether they need to take any action to safeguard individuals using the service. In line with the law we ensure that any personal data is kept securely.
