Training and Workforce Planning

Describe the arrangements in place during the last financial year for identifying, planning and meeting the training needs of staff employed by the service provider

Staff training needs start at induction which allows us to check, ve rify any previous training and skills and create a bespoke plan for individual staff members. All staff have their training needs revisit ed periodically at supervision and appraisal meetings along with a ny other needs identified in between. Last year we researched an d implemented a new Training Portal (Access Learning) which all staff have joined. This Portal allows staff to manage keep a record of their own CPD and progress.

Describe the arrangements in place during the last financial year for the recruitment and retention of staff employed by the service provider

Recruitment has been the toughest I have known in 30 years. All Care has run drop in sessions, used flyers, adverts in local press, social media and We Care Wales sites to advertise. We have only had minimal success. We have focussed on terms and conditions, staff wellbeing and other support to try and stop staff leaving for b etter jobs. Despite all this we have lost over 50% of our workforce during the past year.

Statement of Compliance

The Responsible Individual must prepare the statement of compliance.

CIW have published <u>guidance</u> on completing the quality of care review which provides advice on what could be contained within the statement of compliance.

Set out your statement of compliance in respect to the four well-being areas below.

The extent to which people feel their voices are heard, they have choice about their care and support, and opportunities are made available to them.

All Care is the partner of the Vale of Glamorgan Council having jointly designed and now developing further the outcomes focu ssed domiciliary care pilot / way of working - "Your Choice". Thi s way of working puts the individual in control of their care and support and allows flexibility. It reduces bureaucracy and truly g ives people the support they need at the time they need it. We work with families to maximise their contribution and it is evident that this makes a huge difference, with wellbeing as a result. Th is model of working encourages staff at all levels to be innovative in their approach to care and opens doors previously closed to those in receipt of services.

This can be evidenced by reviews undertaken.

The extent to which people are happy and supported to maintain their ongoing health, development and overall wellbeing. For children, this will also include intellectual, social and behavioural development.	As part of "Your Choice", we adopt a strengths-based approach and take time to encourage and support individuals to lead fulfilled lives. This can be evidenced by assessments, personal plans, risk management, case recording and logged phone calls and reviews. This is coupled with shared successes via our internal communications with all staff. We also keep a "Compliment's file" for the "thank you letters", which we have many. Additionally, the management team receive excellent verbal feed-back relating to this 'quality' area from all stakeholders.
The extent to which people feel safe and protected from abuse and neglect.	Putting individuals in charge of their service goes a long way to assisting them to have a voice. They are encouraged and supp orted to feedback on all aspects of their service, we believe this empowered approach along with regular reviews and good staff communication channels supports a safe provision of service fo r individuals. This can be evidenced by review paperwork, ques tionnaires and phone calls logged to the office.
