Training and Workforce Planning	
Describe the arrangements in place during the last financial year for identifying, planning and meeting the training needs of staff employed by the service provider	Training needs are identified by discussions at supervisions and by monitoring performance. Staff understand the requirements for continuing their development and are readily available for additio nal training pertinent to their job roles. We use a computerised sy stem for the mandatory training for all staff, we access the SCWIP programmes, private training companies for specialist training and we utilise our LHB for for some specialist nurse training
Describe the arrangements in place during the last financial year for the recruitment and retention of staff employed by the service provider	Regular meeting and supervisions take place to ensure staff are heard and issues or concerns are discussed. This support the sta ff have aids their retention. We do not use agency staff except for emergency nurse situations so there is continuity of care. Recruit ment has been relatively smooth with one staff member replacing another when they are needed. Robust recruitment procedures ar e followed within the home and any recruitment is carried out via word of mouth from current staff

Statement of Compliance

Г

The Responsible Individual must prepare the statement of compliance.

CIW have published guidance on completing the quality of care review which provides advice on what could be contained within the statement of compliance.

Set out your statement of compliance in respect to the four well-being areas below.

The extent to which people feel their voices are heard, they have choice about their care and support, and opportunities are made available to them.	There are regular residents meeting held so all can contribute views, suggestions and concerns and we have a newly formed Friends of Millview group which enables families and residents t o be involved in the development of the home. Care plans are r eviewed regularly with resident and family involvement and all a spects of care is discussed. Ad hoc conversations with resident s enables staff to personalise the care we give and to ensure o pportunities are given to residents and we operate an open do or police which supports the interaction and empowerment of th e people living here.
The extent to which people are happy and supported to maintain their ongoing health, development and overall wellbeing. For children, this will also include intellectual, social and behavioural development.	We involve all outside agencies i.e. dieticians, chiropodists, opti cians, SALT, dentist, OT's, mental health specialist and GP's to ensure the people who live here have access to as much supp ort as we can offer. Good staff/residents relationships are vital and these help in identifying any emotional needs as residents will discuss any issues or concerns they have with staff. The act ivity coordinators within the home develop ideas to support hob bies and interests and ensure these hobbies are continued as per residents needs.
The extent to which people feel safe and protected from abuse and neglect.	All staff within the home are DBS checked before commenceme nt of employment and references are sought and verified. All st aff also undergo safeguarding training which enables them to id entify different types of abuse and the procedure for recording and reporting of any concerns. We would discuss with safeguar ding personnel within the local authority and escalate if necess ary.
The extent to which people live in accommodation that best supports their wellbeing and achievement of their personal outcomes.	Risk assessments are routinely carried out for people living her e to identify any foreseeable issues to enable them to continue to live a meaningful live without taking away their choices. Care plans are person centred and person specific to individual nee ds ensuring people live as full a life as possible. The home is p urpose build and therefore lends itself to people being able to walk freely. All bedrooms are private and the communal areas a re accessible for all to use if required
