Statement of Compliance

The Responsible Individual must prepare the statement of compliance.

CIW have published <u>guidance</u> on completing the quality of care review which provides advice on what could be contained within the statement of compliance.

Set out your statement of compliance in respect to the four well-being areas below.

The extent to which people feel their voices are heard, they have choice about their care and support, and opportunities are made available to them.	Older voices are often not heard because of ageism and inequ ality so at Brompton Lodge we empower the residents by giving them ability to make their choices by including them in decision making relevant to themselves. We listen, welcome and respect their input regarding their care and support.
The extent to which people are happy and supported to maintain their ongoing health, development and overall wellbeing. For children, this will also include intellectual, social and behavioural development.	While there is a lot of emphasis of physical well-being of older p eople we emphasis the same importance on mental health and well-being. We support the residents through various ways with their daily routines and extra activities.
The extent to which people feel safe and protected from abuse and neglect.	At Brompton Lodge we encourage a safe homely environment. All residents are encouraged to speak freely to any member of staff, including the manager and activity coordinator at resident s meetings or any time. Staff are aware to be mindful of any res ident wanting to speak in private and are trained in whistle blowi ng procedures should it ever be necessary. Management enco urage all residents, relatives and visiting professionals to voice any concerns.
The extent to which people live in accommodation that best supports their wellbeing and achievement of their personal outcomes.	All potential residents are individually assessed by the manager and trainee deputy to make sure that Brompton Lodge can mee t their individual needs and the accommodation available ( avail able room) can support their well-being and individual physical needs.
