Training and Workforce Planning

Describe the arrangements in place during the last financial year for identifying, planning and meeting the training needs of staff employed by the service provider

All new staff go through 4 days of face to face training. This is the n backed up with eLearning. We maintain a training matrix and all training is updated in line with CIW regulations.

Describe the arrangements in place during the last financial year for the recruitment and retention of staff employed by the service provider

We have used many avenues for recruitment including Indeed, Fa cebook, job centre and career fairs.

With regards retention, our carers are the centre of our business. We have increased there pay rate to well above RLW, we also ha ve weekly "thanks Thursday", coffee mornings and staff forums.

Makaton	No
British Sign Language (BSL)	No
Other	No

Statement of Compliance

The Responsible Individual must prepare the statement of compliance.

CIW have published <u>guidance</u> on completing the quality of care review which provides advice on what could be contained within the statement of compliance.

Set out your statement of compliance in respect to the four well-being areas below.

The extent to which people feel their voices are heard, they have choice about their care and support, and opportunities are made available to them.

As part of our commitment to ensuring that people feel their voi ces are heard, we have established several feedback channels within our care organization. We conduct annual customer satis faction surveys to gather feedback from individuals receiving ca re, their families, and caregivers. Additionally, we conduct 3-mo nthly reviews of care to proactively assess and address any co ncerns or needs that may arise. Our dedicated Registered Man ager (RM) also plays a vital role in maintaining open communic ation by personally reaching out to all customers on a monthly basis to check on their well-being and gather feedback on their care experience. Furthermore, our care staff are encouraged t o report any concerns they observe during their interactions wit h individuals to our office, which allows us to promptly follow up and address any issues raised. These robust feedback mecha nisms enable us to continuously evaluate and improve our servi ces, and ensure that the voices of those in our care are heard and valued.

The extent to which people are happy and supported to maintain their ongoing health, development and overall wellbeing. For children, this will also include intellectual, social and behavioural development.

As a dedicated care provider, we understand the importance of empowering individuals to have choice and control over their ca re and support. We are committed to promoting autonomy and respecting the preferences, values, and beliefs of those in our care. Our approach includes providing comprehensive informati on about the care options available, discussing the pros and co ns of different choices, and supporting individuals in making inf ormed decisions based on their unique needs and preferences. We also actively involve individuals and their families in care pl anning and decision-making processes, ensuring that their inpu t is respected and incorporated into the care provided. Our car e staff are trained to actively listen to individuals, understand th eir desires and goals, and work collaboratively to develop care plans that align with their preferences. We strive to promote a p erson-centred approach, where individuals are empowered to make choices about their care and support, and we work dilige ntly to uphold their autonomy and dignity throughout their care j ournev

The extent to which people feel safe and protected from abuse and neglect.

As a reputable care provider, the safety and protection of the in dividuals in our care are of paramount importance. We have im plemented comprehensive policies, procedures, and training pr ograms to ensure that individuals feel safe and are protected fr om abuse and neglect. Our care staff undergo thorough screen ing, including background checks and reference checks, and ar e trained in safeguarding principles and practices. We have est ablished robust protocols for identifying, reporting, and responding to any signs of abuse or neglect, and we maintain clear lines of communication with individuals, their families, and relevan t authorities to address any concerns or incidents promptly and appropriately.

We promote a culture of dignity, respect, and compassion, whe re all individuals are treated with kindness, fairness, and sensiti vity. We actively promote and uphold the rights and autonomy of individuals, including their right to make choices, express their preferences, and be involved in their care and support. Our c are staff are trained to recognize and respond to the unique ne eds and vulnerabilities of each individual, and we work diligently to create a safe and nurturing environment that fosters trust, o penness, and accountability.

Furthermore, we continuously monitor and review our practices to identify and address any potential risks or gaps in our safeg uarding measures. We engage in regular audits and inspection s to ensure compliance with relevant regulations and best pract ices, and we encourage feedback from individuals, their families, and other stakeholders to continually improve the safety and protection of those in our care. We are committed to maintainin g a high standard of care and safeguarding, and we take any concerns or allegations of abuse or neglect seriously, responding promptly and taking appropriate action to ensure the well-being and safety of all individuals in our care.
