Describe the arrangements in place during the last financial year for identifying, planning and meeting the training needs of staff employed by the service provider	We set out clear expectations for each role within the organisation to identify each employees training and development needs. Staff within our organisation are monitored to ensure that the high est quality of care is given, gaps within training can be identified w ithin this process and will then be acted upon. Staff feedback is very valuable to us and this can be discussed wi thin staff meetings or supervisions.
Describe the arrangements in place during the last financial year for the recruitment and retention of staff employed by the service provider	Our arrangements for recruitment often start online or through wo rd of mouth. The brief process consists of: Application form, telep hone interview, Face-to-face interview, pre-employment checks, i nduction training, shadowing. We retain our staff by offering good working conditions, good com munication, supporting staff, encourage an open and ongoing dial ogue with staff, spot signs of leavers before they go, make career pathways clear and always recognise and reward good work.

# Statement of Compliance

The Responsible Individual must prepare the statement of	compliance.	
CIW have published <u>guidance</u> on completing the quality of care review which provides advice on what could be conwithin the statement of compliance.		
Set out your statement of compliance in respect to the four	well-being areas below.	
The extent to which people feel their voices are heard, they have choice about their care and support, and opportunities are made available to them.	All residents are regarded as unique individuals who are valued equally. Objectives To develop a Person Centred Plan that emphasises Service Us er involvement and inclusion. To encourage individuals to access various community resourc es that are available such as libraries, restaurants, sports clubs , cinemas, work opportunities, colleges and places of interest. To encourage individuals to maintain self help skills such as sh opping, cooking meals, household cleaning, laundry, gardening as well as other skills that are of benefit to the individual. To give individuals the opportunity to attend colleges and supp orted employment, wherever possible and other day time activiti es so they may learn new skills in a friendly and supportive envi ronment. To ensure that all individuals' health needs are assessed and met in full with access to local practitioners and health centres as appropriate. To provide an environment that is safe, supportive and comfort able but allowing individuals to participate in a full range of social/l eisure activities and as required, develop appropriate behaviou rs in such an environment.	
	To ensure that individuals views are sought through residents meetings, surveys in respect of service provision and to ensure that recommendations and suggestions are actioned.	
	All Care Staff within the Home will be appropriately qualified to d eliver the highest standards of care. A continuous staff-training programme is implemented to ensure that these high standards are maintained in line with the latest developments in Care Prac tices as may be laid down in appropriate Legislation, Regulatio ns and the National Care Standards Commission. Our training i s carried out by E-Learning and staff are also offered face-to-fa ce training.	

	1
The extent to which people are happy and supported to maintain their ongoing health, development and overall wellbeing. For children, this will also include intellectual, social and behavioural development.	The detailed assessment and positive behavioural support plan will be developed with the valuable input of the Service User an d their family, friends or advocate as well as the professional te am involved e.g. Social Worker, C.P.N. and all relevant mental or physical support that a service user has been receiving i.e. memory clinic or ophthalmic clinic appointments. It is our aim for the Service user to be involved in the decision making process' s about his/her life Glencoe Villa as much as is possible. Retain ing a Service User's independence is key to the development of the support plans and the Service User will be given the suppor t necessary to achieve this, including detailed choices, for exam ple, employment and leisure opportunities, in the choice of clot hes to wear, the daily activities plan including meaningful and fu Ifilling activities they wish, choice of what time to go to bed, choi ce of what to eat and drink both day and night. Once develope d the Service Users person centred care plan will be reviewed e very three months or more often if necessary and updated to re flect any changing needs and ensure that the objectives for he alth, personal and social care are actioned. The plans are sign ed by the service user or a significant person associated with th e service user, i.e. advocate, family member or Social Worker. Our support plans and risk assessments are all person centred .
	Family and relatives will be encouraged to participate in the Service User's daily routine as far as is practicable. Service Users and their Relatives are always welcome to chat with a member of the Care Staff if they have any concerns. The Service Users Support Plan is reviewed at five levels:
	• Daily on a shift-to-shift basis. At staff shift changeover; the Se rvice User's daily care notes are handed by the out-going shift, to staff on the in-coming shift and the Service User's responses and activity patterns discussed as needed. Changes to the Service Users Plan may be proposed at this point.
	• At the end of the one month settling-in period.
	• Thereafter a formal review is held with Care Staff on a monthl y basis.
	• Annually: a review with their Social Worker, Service User, their family or advocate and any other professional body that is invol ved.
	• The Service User's G.P. review their medical condition and th eir medication on an annual basis and whenever necessary.

The extent to which people feel safe and protected from abuse and neglect.	The responsible individual regulates Glencoe Villa with a visit e very two months to carry out an audit report of General informa tion, which includes; the conduct and management of the home , care service user's, finance, medication, service user activities , concerns, complaints and protection, staffing, environment. All actions progressed from previous periods and any overall com ments and actions arising from the review. The responsible individual has overall responsibility and is ultim ately accountable to ensure a quality of service is given. The re gistered manager is accountable for the day to day running of t he home and is responsible for the delegation of duties to ensu re that all aspects of our service provision is managed safely, e ffectively and always with quality in mind. It is the responsibility of the registered manager to report to the responsible individual of all concerns including safeguarding co ncerns. A quality audit is carried out by asking service user's, their famil y or advocate and professionals involved in the homes busines s of their opinions. This is carried out by completing a quality q uestionnaire outlining their views as to all aspects of our servic e. If as a Service User, relative or visitor, you feel that there is cau se for complaint, you should first discuss the matter with the per son in charge. If the matter is in your opinion, a serious one, or if you remain dissatisfied, you can record the complaint in the C omplaints Register, which is available from the person in charg e. A full investigation will be made into the complaint, and you w ill be advised of the outcome in writing within 14 days after the date the complaint is of a serious nature and you wish to speak to a registration officer first, then you should contact the Care I nspectorate for Wales, Welsh Assembly Offices, Sarn Mynach, Llandudno Junction, Conwy LL31 9RZ. To ensure that our home is a tailor made provision. Service Us es interested in coming to Glencoe villa are encouraged to visit the home and sample the atmosphere and level of service. Eve ryone is invited to share a meal and stay for a couple of hours, this enables the potential Service User and their family or advo cate to meet everyone and feel the atmosphere of Glencoe Vill a. Day-care can be arranged on a regular weekly basis while w aiting for a vacancy. This gives the Service User time to get to k now the staff and adjust to new people and surroundings. A mo nth's trial period is always given before taking permanent resid ency. However, on a rare occasion it may be necessary to admi t a new service user as an emergency admission. This type of a dmission is carried out with communication and documentation gathered from all professionals involved; to give us as clear a p icture as possible of the service user and any risks involved. W e always endeavour to provide an extra member of staff on a 1- 1 basis to minimise risks and to ensure a smooth a transition as possible as a safeguarding measure for the new service user a nd our other service user's. All new service User's are allocated a key worker who will suppor rt them on admission and stay with them until they become famil iar with other Service Users and the environment.

Statement of Compliance

The Responsible Individual must prepare the statement of compliance.

CIW have published <u>guidance</u> on completing the quality of care review which provides advice on what could be contained within the statement of compliance.

Set out your statement of compliance in respect to the four well-being areas below.

The extent to which people feel their voices are heard, they have choice about their care and support, and opportunities are made available to them.	All residents are regarded as unique individuals who are value equally. Objectives
are made available to them.	To develop a Person Centred Plan that emphasises Service U er involvement and inclusion. To encourage individuals to access various community resour- es that are available such as libraries, restaurants, sports club , cinemas, work opportunities, colleges and places of interest. To encourage individuals to maintain self help skills such as sh opping, cooking meals, household cleaning, laundry, gardenin as well as other skills that are of benefit to the individual. To give individuals the opportunity to attend colleges and supp orted employment, wherever possible and other day time activ es so they may learn new skills in a friendly and supportive en- ronment. To ensure that all individuals' health needs are assessed and met in full with access to local practitioners and health centres as appropriate. To provide an environment that is safe, supportive and comfor able but allowing individuals to participate in a full range of social eisure activities and as required, develop appropriate behavio rs in such an environment. To ensure that individuals views are sought through residents meetings, surveys in respect of service provision and to ensur- that recommendations and suggestions are actioned. All Care Staff within the Home will be appropriately qualified to eliver the highest standards of care. A continuous staff-training programme is implemented to ensure that these high standard are maintained in line with the latest developments in Care Pra- tices as may be laid down in appropriate Legislation, Regulatio ns and the National Care Standards Commission. Our training s carried out by E-Learning and staff are also offered face-to-f

The detailed assessment and positive behavioural support pla will be developed with the valuable input of the Service User and d their family, friends or advocate as well as the professional to am involved e.g. Social Worker, C.P.N. and all relevant mental or physical support that a service user has been receiving i.e. memory clinic or ophthalmic clinic appointments. It is our aim for the Service user to be involved in the decision making process s about his/her life our home as much as is possible. Retaining a Service User's independence is key to the development of th e support plans and the Service User will be given the support necessary to achieve this, including detailed choices, for exam le, employment and leisure opportunities, in the choice of cloth es to wear, the daily activities plan including meaningful and fu illing activities they wish, choice of what time to go to bed, choi e of what to eat and drink both day and night. Once developed the Service Users person centred care plan will be reviewed et ery three months or more often if necessary and updated to re ect any changing needs and ensure that the objectives for hear th, personal and social care are actioned. The plans are signed by the service user or a significant person associated with the ervice user, i.e. advocate, family member or Social Worker. Ou support plans and risk assessments are all person centred. Family and relatives will be encouraged to participate in the Service User's daily routine as far as is practicable. Service Users and their Relatives are always welcome to chat with a member of the Care Staff if they have any concerns. The Service Users Support Plan is reviewed at five levels:
	<ul> <li>Daily on a shift-to-shift basis. At staff shift changeover; the S rvice User's daily care notes are handed by the out-going shift to staff on the in-coming shift and the Service User's response and activity patterns discussed as needed. Changes to the Service Users Plan may be proposed at this point.</li> <li>At the end of the one month settling-in period.</li> <li>Thereafter a formal review is held with Care Staff on a month y basis.</li> </ul>
	<ul> <li>Annually: a review with their Social Worker, Service User, the family or advocate and any other professional body that is inveved.</li> <li>The Service User's G.P. review their medical condition and their medication on an annual basis and whenever necessary.</li> </ul>

and neglect.	The responsible individual regulates The home with a visit ever y two months to carry out an audit report of General information , which includes; the conduct and management of the home, ca re service user's, finance, medication, service user activities, on ncerns, complaints and protection, staffing, environment. All act ions progressed from previous periods and any overall comme nts and actions arising from the review. The responsible individual has overall responsibility and is ultimately accountable to ensure a quality of service is given. The re gistered manager is accountable for the day to day running of the home and is responsible for the delegation of duties to ensure that all aspects of our service provision is managed safely, e ffectively and always with quality in mind. It is the responsibility of the registered manager to report to the responsible individual of all concerns including safeguarding concerns. A quality audit is carried out by asking service user's, their famility or advocate and professionals involved in the homes busines s of their opinions. This is carried out by completing a quality questionnaire outlining their views as to all aspects of our servic e. If as a Service User, relative or visitor, you feel that there is cau se for complaint, you should first discuss the matter with the per son in charge. If the matter is in your opinion, a serious one, or if you remain dissatisfied, you can record the complaint in the C omplaints Register, which is available from the person in charg e. A full investigation will be made into the complaint, and you will be advised of the outcome in writing within 14 days after the date the complaint is made. If after this investigation, you are still not satisfied, or if you feel that the complaint is of a serious nature and you wish to speak to a registration officer first, then you should contact the Care I nspectorate for Wales, Welsh Assembly Offices, Sarn Mynach, Llandudno Junction, Conwy LL31 9RZ. To ensure that our home is a tailor made provision. Service Us es interested in coming to our home are encouraged to visit the home and sample the atmosphere and level of service. Everyo ne is invited to share a meal and stay for a couple of hours, this enables the potential Service User and their family or advocate
	to meet everyone and feel the atmosphere of Conifers. Day-car e can be arranged on a regular weekly basis while waiting for a vacancy. This gives the Service User time to get to know the st aff and adjust to new people and surroundings. A month's trial period is always given before taking permanent residency. How ever, on a rare occasion it may be necessary to admit a new se rvice user as an emergency admission. This type of admission i s carried out with communication and documentation gathered f rom all professionals involved; to give us as clear a picture as p ossible of the service user and any risks involved. We always e ndeavour to provide an extra member of staff on a 1-1 basis to minimise risks and to ensure a smooth a transition as possible as a safeguarding measure for the new service user and our ot her service User's. All new service User's are allocated a key worker who will suppor rt them on admission and stay with them until they become fami
