Statement of Compliance

Г

The Responsible Individual must prepare the statement of compliance.

CIW have published <u>guidance</u> on completing the quality of care review which provides advice on what could be contained within the statement of compliance.

Set out your statement of compliance in respect to the four well-being areas below.

The extent to which people feel their voices are heard, they have choice about their care and support, and opportunities are made available to them.	People at Frederick House feel that their voices are herd throu gh a number of different ways. Residents meetings completed i n a questions form enables people to voice their choices and a ny concerns, Care plan reviews - every 3 mnths (or earlier if re quired) enable the person to change or enhance their objective s and outcomes with support available to them, and also quality assurance questionnaires allow people to voice their views.
The extent to which people are happy and supported to maintain their ongoing health, development and overall wellbeing. For children, this will also include intellectual, social and behavioural development.	People at Frederick House can be confident that they are supp orted through staff gaining clinical advice or treatment where re quired, Frederick House is also able to audit the care docs syst em to monitor people wellbeing and mood. We are then able to contact any relevant support required. Many of our people have been impacted by NHS waiting times, many waiting longer for appointments and treatment. This has I eft many feeling let down.
The extent to which people feel safe and protected from abuse and neglect.	People have the right to feel safe and protected from abuse an d neglect, all staff are trained in safeguarding vulnerable peopl e, they have signed our policy and procedure and they also ha ve the whistleblowing guidance in their handbooks. People are also able to share their concerns during our reviewing care pla ns, quality assurance and residents meetings. We also work wit h outside organisations such as district nurses that staff and pe ople can share information.
The extent to which people live in accommodation that best supports their wellbeing and achievement of their personal outcomes.	At Frederick House we have an in-depth care plan using care d ocs. People are able to set their targets and outcomes and wha t support they require from staff to achieve these. This is review ed 3 monthly / or if required earlier. Staff are also able to input i nto the system their emotions, photo etc and this can be audite d and the relevant people contacted if added support is require d.
