for identifying, planning and meeting the training needs of staff	1
employed by the service provider	í
	1

All Staff are trained in Protection of Vulnerable Adults, First Aid, In fection Control, Manual Handling & Fire. We also train all Care St aff in Administration of Medicine & Food Hygiene. All Staff underg o induction & are signed up to Social Care Wales Induction Frame work. All Staff are enrolled for their NVQ & undertake ad hoc training such as falls, diabetes, continence. We keep a training matrix to monitor compliance and send Staff on refresher courses as required.

Describe the arrangements in place during the last financial year for the recruitment and retention of staff employed by the service provider

Staff are replaced when they leave to maintain high Staff/Residen t ratios. Staff are interviewed in person, 2 written references & en hanced DBS are obtained. We pay Real Living Wage & rates abo ve that to reflect seniority & experience. We pay a Christmas bon us & celebrate Staff birthdays. Staff are encouraged to speak to u s if they have issues so that we can help them. Consequently we have low Staff turn over and low absence rates. All Staff are on contracted hours and we rarely use agency staff

What arrangements were made for consulting people who use the service about the operation of the service during the last financial year?	Residents are consulted about their care on a daily basis by Care Staff and Managers. We regularly speak with Residents and their families. There is a weekly Resident meeting where Residents may bring their concerns to Management, as well as ideas for what they would like to do, where they would like to go and how the home may be improved. At the end of the first 6 weeks of a Resident's stay we hold a review meeting with the Resident, family and social worker to ensure we are meeting that Resident's needs. In addition we formally seek the views of a sample of Residents, their families and Staff on a quarterly basis. Every 6 months we formally consult all Residents, families, Staff and other stake holders.

Provide details of any outside space to which the residents have access	There is an enclosed courtyard garden at the back of the home w hich is set up for use by Residents. The area is paved and has a gazebo and a fish pond. There are window boxes and planters. T here are 3 benches and 2 sets of dining furniture with sunshades. The area is south facing and sunny. The gates are alarmed to ale rt staff to Residents who may wish to leave the garden. This area i s very popular in the summer and Residents often take tea or ice-creams in the garden. There is a larger front garden mostly laid to lawn with shrub and herbaceous borders. It is north facing and is accessed via the drive to the main road. This provides lovely vista from the main sitting room.

Provide details of any other facilities to which the residents have access

The Residents have access to other facilities. These include the h airdresser who visits weekly, the Chiropodist who visits 6 weekly o r as required, a Physiotherapist as required. The GPs, District Nur ses, Dentist and Optician visit the home as required. There is a si nger who visits the home monthly. There are visiting pastors from various denomination churches and services are held in the home . We have regular outings in a minibus to the coast for ice creams . Every month we go out for lunch with the Residents to various p ubs and hotels. Families are welcome to join us for these outings. In our local environment there is a newsagent, post office and gro cery store and a pharmacist. There is a bus stop outside the hom e for easy access to the town centre and train station. There is al so a local wheelchair taxi service. Other services can be arranged on request.

### Statement of Compliance

The Responsible Individual must prepare the statement of compliance.

CIW have published guidance on completing the quality of care review which provides advice on what could be contained within the statement of compliance.

Set out your statement of compliance in respect to the four well-being areas below.

The extent to which people feel their voices are heard, they have choice about their care and support, and opportunities are made available to them.

The Oaklands is compliant in making sure that people feel that their voices are heard, they have choice about their care and s upport and opportunities are made available to them. We do thi s by speaking with our Residents daily. We ask them how they would like to be cared for, what they would like to wear, what th ey would like to do, where they would like to sit and in which acti vities they would like to take part. Residents have a choice of w hat they eat or drink at every meal. There are a variety of activi ties on offer from which they can choose. We speak with family members during visits, by phone or by meetings. We hold a we ekly Residents meeting where Residents may bring matters to o ur attention. At these meetings we ask about the care and servi ce they receive, the menu, activities, outings and any other mat ters Residents wish to bring to our attention. Where people do not have capacity they are automatically referred for advocacy so that choices and decisions made for them are in their best in terests. We monitor that these values are being upheld with qu arterly inspections and semi annual inspections which include a nonymous questionnaires. Various health care and social care professionals visit the home regularly to offer choice and suppo rt to the residents and also make Residents aware of what othe r opportunities and services are available to Residents in the c ommunity.

The extent to which people are happy and supported to maintain their ongoing health, development and overall wellbeing. For children, this will also include intellectual, social and behavioural development.

The Oaklands is compliant with supporting Residents to be as h appy as possible, supporting their health needs, their developm ent and wellbeing. The Oaklands undertakes a comprehensive assessment of a person's health and wellbeing needs before a dmission, to ensure that we are able to meet the needs of the R esident and maintain, improve or manage their health and wellb eing as best possible. This assessment is undertaken with the Resident, their family, and, if in hospital with the relevant health and social care professionals. On admission a Resident is revie wed by a GP to ensure that the medication they are prescribed is still relevant to the health conditions they have. A Resident m ay be signposted to a nurse if we are worried about any pressu re areas or fragile skin. The Resident will be signed up to podia try and dentistry and other services such as physiotherapy . Th ese services all visit the home, and have done through out covi d. There are other services available at the local hospital such as the Diabetic, Parkinson's and Eye clinic. We also take into a ccount the dietary requirements of the Resident and provide nu tritious home cooked food that supports the Resident's health a nd wellbeing and that the Resident likes. There is always a choi ce of food at each meal. We ask families to provide appropriate , comfortable and seasonal clothing and supportive, well fitting shoes and slippers. This all helps to prevent falls and ensures t hat residents are able to participate fully in day to day activities. There is nothing worse than being uncomfortable in your own cl othes. Staff will assist Residents to wash, dress and bath, to ap ply creams, to brush teeth and shave. Staff with assist with bath ing and hair washing to support Residents to feel fresh and co mfortable. A professional hairdresser visits the home weekly to coiffeur hair, beards and eyebrows. The Oaklands allows visitin g at times to suit so that people do not feel isolated from their c ommunity. We arrange trips out in the minibus for ice-creams a nd to the pub for lunch. There is a varied choice of activities thr ough the week to support our Residents' hobbies and interests. There is a choice of 2 lounges at the home so that Residents m ay choose to be social or have a quieter place in which to relax. Overall our Residents' report that they are well looked after and that the Staff are kind, caring and supportive of their health and wellbeing.

The extent to which people feel safe and protected from abuse and neglect.

Residents at the Oaklands are safe and are protected from abu se and neglect. The Oaklands is a locked building and all Resid ents who require a DoLs have this applied for on their admissio n. Residents who do not require a DoLS are free to leave the b uilding at any time. All our Staff all have an enhanced DBS and these are renewed as required. All our Staff are interviewed by the owners and manager and 2 written references are obtained . These are followed up with telephone calls to the referees to e nsure that the references are legitimate. All Staff undergo a tho rough induction at Oaklands in addition to the Social Care Wale s Induction Framework. All Staff are signed up to the Social Car e Wales Register. All Staff are required to pass their training in Safeguarding, Infection Control, Manual Handling, First Aid, Fir e, Medication and Food Hygiene. All Staff are required to compl ete their NVQ2 or above in Health and Social Care or the equiv alent qualification at College. Staff are under the supervision of Managers and Senior Carers during the shift. There are sufficie nt Staff to cover the rota and holidays and to ensure that Staff are able to take their rest breaks during each shift and have su fficient holidays to rest. We rarely use Agency Staff so the Resi dents and permanent Staff get to know each other well. Staff un dertake an annual appraisal and supervision every 3 months. We monitor our Staff closely and if we have any concerns we s peak with them immediately.

If we have any concerns with Resident's behaviours or how the y present with their mental health the Resident is referred to th eir GP and to the Mental Health Team. Where we have concern s we use charts to monitor behaviours, eating, drinking, toiletin g and bathing to monitor how the effectiveness of any interventi ons either medical or physical. Staff use prompt sheets to ensu re timely action is taken for health. There are care plans and ris k assessments in place to ensure that Residents are getting th e correct help and support they require. All restraints are used only following a best interest meeting to ensure the restraint is t he least restrictive measure required to keep the resident safe f rom harm. Consequently our Residents report at weekly meetin gs that they feel safe at The Oaklands and are protected from abuse and neglect. This is also reflected in feedback from famili es, social workers, DoLS assessors, Independent Mental Capa city Advocates, GPs and Nurses.

The extent to which people live in accommodation that best supports their wellbeing and achievement of their personal outcomes.

The Oaklands is a lovely Victorian property that is light and spa cious with purpose built accommodation at the rear. The home is well laid out with easy access for Residents from one area to the other. The upper floors may be accessed via a lift. Access a round the ground floor and to the patio area is all on one level. Thus is it easy for Residents, Staff and visitors to move through out the building with or without support.

The home is clean, tidy and free from noxious smells. There is a cleaning rota in place and all rooms in the home are inspecte d daily for cleanliness. Each room is set up with bed, bedside ta ble, reading lamp, chair, wardrobe and chest of drawers. Each r oom has a sink and 2 rooms have ensuite disabled shower roo ms. Each bed and mattress is adapted for the resident to ensur e that they have the most suitable bed for their rest. Beds are made so that continence issues are managed easily and the R esident is kept dry and comfortable to ensure a good night's sle ep. Rooms may have additional equipment where identified suc h as a hoist or commode, although there are numerous toilets a nd bathrooms that residents may use independently. Staff use t he same toilets and bathrooms as the Residents. Residents ma y be referred for mobility aids that best keep their independenc e. Where Residents need assistance with mobility and other tas ks Staff are trained as to how best to assist via manual handlin g training, falls training or specialist training from the physiother apy or Parkinson's clinic. There are 2 lounges for Residents to use. The main lounge is where activities take place each day, t he smaller lounge is used for quieter relaxation. There is a dini ng room that is easy to access and a variety of tables at which Residents may sit. This is also used for craft activities. There ar e 3 adapted disabled bathrooms for Residents to bath and sho wer and 2 ensuite disabled shower rooms. Outside is a patio g arden with a gazebo, tables, chairs and benches. There is a fis h pond and plants in planters and window boxes. Shade is provi ded by umbrellas on sunny days. There are a variety of activitie s on offer so that Residents have a choice of what to do. There is space for visitors to have privacy with Residents. The care pl ans identify the personal outcomes required for each Resident and these are reviewed every month or as required. Thus we e nsure the accommodation supports the Residents' wellbeing an d achievement of their personal outcomes.
